

VALVES

SEGMENTED/V-PORT BALL VALVE

Size : ½" to 12"

Body Type : 2-way

Rating : ANSI 150-600 CLASS

End Connections : Integral & Separable Flange,
Wafer Flange

Body Materials : WCB/WCC/WC9, CF8M/CF3M,
Hastelloy, Monel & other alloy

Bonnet : Standard, Extended bonnet available

Gland Packing : PTFE, Grafoil, Fugitive
Emission Vacuum

Trim : Segmented V-Notch Ball

Shaft : 17-4PH

Trim Material : SS304, SS316, Stellite-6,
Alloy 20 and others

Characteristics : Linear/Equal Percentage
Quick Opening

Seat Leakage : AS per FCI-70-2, Class IV, V & VI

Actuator Type : Rotary Diaphragm, Piston

Accessories : Pneumatic /Electro-Pneumatic/
Smart Positioner, Air Set/Air Lock/
Volume Booster/ Solenoid Valve/
Limit Switch/Position Transmitter
